

# Robo-Rob to the Rescue!

Let me introduce you to Robo-Rob, the newly designed robot from Robo-Tech Industries. Robo-Rob is on his first assignment helping out the Hoolihans around their household. Study each picture carefully. Decide which simple machine Robo-Rob is using to complete his task; then write the name of the machine in the blank provided.

 **Answer Key** 

- |                                      |                    |
|--------------------------------------|--------------------|
| 1. wedge                             | 7. lever           |
| 2. wheel and axle                    | 8. screw           |
| 3. lever                             | 9. wheel and axle  |
| 4. pulley                            | 10. inclined plane |
| 5. wedge                             |                    |
| 6. inclined plane,<br>wheel and axle |                    |
